Dear Sir/Madam,

It has come to our attention that one of your clients has published an unauthorized photograph of the Honourable Maxime Bernier, Canadian Minister of Foreign Affairs, on his or her website. The domain name in question is GVIRS.com.

The photograph features the Minister alongside one Michael Chamas, an individual currently charged with possession of illegal weapons. The photograph can be accessed at <http://www.gvirs.com/popup2.html>.

Minister Bernier was not consulted prior to the publication of this photograph and did not give his permission for it to be published.

We therefore ask Domains by Proxy to inform the anonymous owner of GVIRS.com that the photograph must be removed at once.

We appreciate your cooperation in this matter.

Sincerely,

Philippe Mailhot  
Press Secretary to Minister of Foreign Affairs
